

**Employment Opportunity**  
Marine and Mountain Zone Corporation

**Economic Development Officer**

The Marine and Mountain Zone Corporation is now accepting applications for the above position. The specific responsibilities include:

- Assist in development and implementation of the Strategic Economic Development Plan, Business Plan, and the Annual Work Plan.
- Assist in the development of the Integrated Work Plan for Zone 10.
- Identify and establish linkages with organizations and groups in the zone to familiarize them with initiatives outlined in the Strategic Economic Plan.
- Liaison with town councils, local service districts, economic development agencies, government departments and other community groups to discuss economic development issues.
- Prepare and deliver presentations, compile reports, facilitate meetings and work effectively with volunteer groups and committees.
- Conduct research into identified sectors, develop proposals and reports.

**The successful candidate will have:**

Excellent written and verbal communication skills; the ability to work independently; good public relations skills; a business degree or a combination of education and work experience in business and community/economic development. These skills would normally be obtained through the successful completion of a Degree in Business or Community Economic Development.

Salary commensurate with experience. (\$35,000 - \$40,000 per annum)

Applicants must have a valid driver's license, access to a vehicle and be able to travel extensively throughout the zone.

Closing date: **4 p.m. Friday, September 23, 2011**

Please submit applications to:
